Zanesville Metro Housing Acquires New Computer System

Supports Local Economy

Zanesville Metro Housing Authority has chosen to support the local Zanesville economy, selecting Image Computer Solutions as it's preferred vendor for Information Technology services. The existing system was no longer able to provide the level of services required by the Housing Authority. ICS designed a custom solution to fit the needs of the housing authority including, servers, networking, workstations, software, and hardware. The new system easily supports upwards of 50 users with the latest technologies now available in Windows 7.

ICS offers free evaluations for any size business. We offer many services to assist our small and medium size business clients including, networking and server evaluations, business consulting, web site design, development and hosting, backup solutions, off-site backup and disaster recovery, video IP based security systems, software and hardware troubleshooting, co-location servers, and many other services.

Call today and let us be "Your Total Business Solution".
